WHAT'S UP WITH THE QR CODES?

Why do I see QR codes everywhere in CBC? What are they and what is their purpose?

A QR code is a type of barcode that can be scanned using a smartphone camera. It contains information that can be quickly and easily accessed by clicking on the link that appears.

By scanning the code, you can download and save the information as a link, or share it with others. This is not only convenient, but also environmentally friendly, as it reduces the need for printed materials.

If you need help using QR Codes, simply visit our information table in the lobby, and we'll be happy to assist you.

DIAPER DRIVE

The Outreach Ministry would like to express our gratitude for your contributions to our first diaper drive. Your donations will be given to Chrystal's Place, which is located at 216 Chestnut Street in the northeast neighborhood of York City. Your generosity will be a tremendous blessing to the community. Thank you for your kindness and support.
